IN RE JDS UNIPHASE SECURITIES
LITIGATION

CIVIL ACTION NO.
02-1486 (CW)

EXPERT REPORT OF SCOTT D. HAKALA, PH.D, CFA

I. Background and Qualifications of the Expert

1. I am a director of CBIZ Valuation Group, LLC, a national business valuation and consulting firm that operates as a wholly owned subsidiary of Century Business Services, Inc., a publicly traded business services firm (NYSE: CBZ). CBIZ Valuation Group is one of the largest business valuation and consulting firms in the United States with offices in Dallas, Chicago, Atlanta, St. Louis, Milwaukee and Princeton (New Jersey). CBIZ Valuation Group employs approximately 100 individuals providing business valuation services to public and private companies.

2. I received a Doctor of Philosophy degree in Economics and a Bachelor's degree in Economics from the University of Minnesota. I have earned the professional designation of Chartered Financial Analyst, awarded by the Association for Investment Management and Research. I have taught courses on asset pricing and market efficiency at the doctorate (Ph.D.) level in a Ph.D. granting institution. In addition, I have served as a consultant and expert witness on numerous occasions regarding economic issues similar to those in this litigation. In February 2005, I testified at trial as to measures of damages,

million for institutional shareholders and \$11,096 million for non-institutional shareholders for total aggregate selling damages of \$14,884 million. Retention damages are based on shares purchased during the Class Period, and retained until the close of trading on October 26, 2001. Each retained share suffered a loss equal to the inflation per share on the day it was purchased less any adjustment for the 90-day period after October 26, 2001. Total retained shares amounted to 391.7 million institutional and 321.0 million non-institutional shares, 712.8 million shares total. The total shares eligible for damages were approximately 1,073.4 million (450.4 million held by institutional shareholders and 622.9 million held non-institutional shares at the close of trading on July 26, 2001). The average retained share was purchased for a weighted-average price of \$54.15 per share with weighted-average adjusted inflation per share of \$16.21. Thus, retention damages were approximately \$11,550 million (adjusted inflation per retained share of \$16.21 times 712.8 million retained shares), and total damages were \$26,434 million in Exhibit E-3. These estimates have proven to be reasonably accurate when compared against claims data in cases where I have estimated aggregate damages.⁶⁶

123. Damages for insider trading allegations are derived from the trading model in Exhibits E-1 and E-2 and based on the out-of-pocket losses allocated to shares purchased on and around the same days as insider sales for each individual Defendant identified in the Complaint. Insider trading damages are set forth in Exhibit F. Out-of-pocket losses were limited to the number of shares sold by the individual Defendant and allocated pro-rata to the estimated shares purchased by class purchasers on the same days as the insider trades.

⁶⁶ Generally, claims are between 75% and 100% of estimated damages in the larger cases that I have worked on such as Computer Associates, Broadcom, Dynegy, AOL Time Warner, and Raytheon.

124. These opinions may be altered by further review and reflection on the information provided and upon receipt of additional information. I anticipate reviewing other expert reports filed in this matter, providing rebuttal testimony (if appropriate) and presenting revised analyses (if appropriate). The methods and models set forth in this report can be adjusted to accommodate various alternative assumptions and effects of such alternatives on inflation per share and damages calculations may be presented in demonstrative exhibits.

Executed this 5th day of February 2007, at Dallas, Texas.

A handwritten signature in black ink, appearing to read "Scott D. Hakala". The signature is fluid and cursive, with the first name "Scott" and last name "Hakala" being clearly legible. It is positioned above a horizontal line.

Scott D. Hakala, Ph.D., CFA
